Coronal Polishing for Dental Assistants

Saturday, February 29, 2020
Georgia School of Orthodontics
8200 Roberts Drive
Atlanta, GA 30350

This eight-hour course will meet the educational requirements for certification for Georgia and is designed to satisfy the Georgia Board of Dentistry's educational requirements for dental auxiliary personnel who will qualify for certification in coronal polishing under a dentist's direct supervision. This is the first course approved by the Georgia Board of Dentistry for coronal polishing, and it consists of both didactic and practical components.
